[State comments on 2016 IR Memo 7 21.xlsx](#)

Hi Everyone – Today, I received a few more comments (CT and MD). So for purposes of the discussion on Category 4C, please refer to the attached documents.

Jim – based on these additional comments, no further discussion needs to be had on the Vision. I'll incorporate the edits we discussed, and get the next iteration out to folks this week.

Hi Everyone – late Friday, we received comments from IN and MO, which I've included in both the excel file and draft IR memo.

Jim, Eric, and Susan – Since I didn't hear back, I'll look for a time for us to discuss next steps on the Vision and Category 4C piece. The edits to the ATTAINS section, I'll address, and there were none on the nutrients piece.

Cheers – Shera

The word document in the previous email wasn't correct.

Subject: State Comments on Draft 2016 IR Memo

Hi Everyone – We received a handful of state comments on the draft 2016 IR memo, so I'm looping everyone in that had a hand in writing the document. Based on these comments, it does seem feasible to wrap this up in a timely manner. Because the comments came in word or pdf documents and not inserted into the memo itself, I first compiled the comments into the attached excel file, and then inserted them into the memo to, hopefully, make it easier.

Jim, Eric, and Susan – would you like to discuss next steps. I'm available to talk tomorrow, and can find time on all of our calendars. Just let me know.

Thanks – Shera
